Individual Project Demonstration

Team Involvement in Demonstration This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

Individual Coordination Notes

Project Developer:

B. Sravani

Overall Project Execution:

5 / 5 (Successfully completed project development and demonstration)

Any Issues During Demonstration:

Minor backend API connectivity and module integration issues during testing.

How Issues Were Resolved:

Resolved by updating API endpoints, validating AI modules, testing backend and frontend integration, and performing end-to-end testing before the final demonstration.
